- Inventory & Parts Coordination
- Turnaround Time & Productivity
- Data Privacy & Policy Compliance
- Problem-Solving & Analytical Thinking
- Cross-Functional Collaboration

PROFESSIONAL EXPERIENCE

SERVICE SPECIALIST

Mobile Care Services Philippines Inc. | 2022–2026

- Diagnosed electronic device issues and recommended appropriate modular repairs to restore functionality and service quality.
- Performed hardware repairs, system checks, and functional testing in line with company procedures and quality standards.
- Delivered customer support through email, phone calls, and face-to-face interactions, responding to inquiries, explaining repair updates, and resolving service concerns professionally.
- Managed escalations by assessing reported issues, applying approved technical solutions, and coordinating next steps to support a positive customer experience.
- Managed the end-to-end repair workflow, including service intake, assessment, repair, quality assurance, documentation, and unit release.
- Recorded repair findings and job order details accurately in GSX, FileMaker, and Fixably while following Apple service guidelines, company policies, and data privacy requirements.
- Supported inventory control by monitoring service supplies, parts, and replacement units.
- Worked toward key service metrics for turnaround time, repair quality, and productivity; maintained technical knowledge through ongoing training on Apple technologies.

TOOLS & SYSTEMS

GSX • FileMaker • Fixably

CERTIFICATIONS

- Apple Certified iOS Technician
- Apple Certified Mac Technician
